Nature's gifts, feathers, stones and seashells find space on my studio bookcases. Painting primarily in oils, glazing with thin layers of paint, I strive to create realistic art that expresses my joy and appreciation of the natural world. **Studio Name:** Marleen Campbell by Design **Type Of Art/Craft:** Oil Painting

The diverse Haliburton landscape is where Marleen finds much of her inspiration, awakening the senses to create oil paintings which celebrate the colours of the Kennisis Lake area. The themes of Marleen's oil paintings consist mainly of vibrant landscapes and images, with many paintings portraying the layers of magnificent and rich fall colours. Marleen's second greatest inspiration comes from her Dutch heritage and love for tulips. Their strong colours and bold shapes inspire Marleen to celebrate their vibrancy. By using broad, relaxed brush strokes of intense colour, impressionistic-realistic paintings are created. Currently residing near Belleville, Marleen has lived and traveled throughout much of Canada. Marleen is a retired teacher and vice-principal who has been surrounded by the influences of art from a very young age, and has been a member of the Kennisis Lake cottage community for over 40 years. Marleen has had work exhibited and sold at the Gordon Harrison Gallery in Ottawa, Tremblant, Manotick Gallery, Rothwell Gallery, Haliburton, New Zealand and Great Britain; and has created a number of commissioned pieces. The vibrancy of Marleen's paintings has allowed her to further express her work onto scarves, bags, cards and pillows.

### **Community Cardboard Village Project**

In the spring of 2023, the ACHH hosted a series of workshops for children and their families in Haliburton Village and Wilberforce. Together, from recycled cardboard the children planned and crafted their favourite buildings. After researching our communities, parents and children made libraries, restaurants,

ice cream shops, galleries, museums, arenas and more, using cardboard, paint, glue and lots of tape! Creativity, laughter and collaboration was in huge supply.

Our thanks to the Kennis Lake Cottage Owners' Association for funding these workshops and bringing our communities to life in cardboard!

**Your support is  
greatly appreciated!**
